

VIRTUAL “DISCOVERY” WORKSHOP

JOIN THE DISCUSSION ABOUT RAYNHAM’S FUTURE

Due to the COVID-19 crisis and the required social distancing measures, this event will be entirely online. Occurring on a dedicated webpage, the “Discovery” Workshop will provide ample opportunity for public input over the course of 14 days. Additionally, the project team will facilitate two identical virtual meetings during that time where community members can participate in group discussions, provide feedback, and help craft the Master Plan vision. Choose any day to visit the workshop page and don’t miss the virtual meetings!
