

Safety Performance Targets

**Safety Performance Targets**

*Specify performance targets based on the safety performance measures established under the National Public Transportation Safety Plan.*

**The targets below are based on the review of the previous five years of GATRA’s safety performance data.**

Mode of Transit Service	Fatalities (Total)	Fatalities (Rate)	Injuries (Total)	Injuries (Rate)	Safety Events (Total)	Safety Events (Rate)	System Reliability (Mean Distance Between Failure)
Fixed Route	0	0	3	1.8	3	1.8	45,000
Demand Response	0	0	2	1.3	2	1.3	55,000

\*Rates are per 1,000,000 vehicle revenue miles

**Safety Performance Target Coordination**

*Describe the coordination with the State and Metropolitan Planning Organization(s) (MPO) in the selection of State and MPO safety performance targets.*

The Accountable Executive shares our ASP, including safety performance targets, with the Metropolitan Planning Organization (MPO) in our service area each year after its formal adoption by the Advisory Board. GATRA’s Accountable Executive also provides a copy of our formally adopted plan to the Massachusetts Department of Transportation (MassDOT). GATRA staff are available to coordinate with MassDOT and the MPO in the selection of MassDOT and MPO safety performance targets upon request.

Targets Transmitted to the State	State Entity Name	Date Targets Transmitted
	MassDOT	05/21/20
Targets Transmitted to the MPOs	MPO Name	Date Targets Transmitted
	Southeast Regional Planning and Economic Development District
