Highway Lists	Appendix A	MassDOT Highway is proposing moving 613386 (Mansfield/Norton Interstate Pavement Preservation and Related work on I-495) from 2031 to 2027 due to the overall condition of the roadway being very poor and needing resurfacing sooner than anticipated. They are also proposing moving two non-interstate pavement projects (611991 (New Bedford – Freetown Pavement Preservation on Route 140) and 612077 (Lakeville – Freetown – Taunton Resurfacing and Related Work on Route 140)) to 2031 due to the condition of the pavement along this roadway being better than anticipated.
